

**MITSUBISHI TANABE PHARMA CANADA CONCLUDES LETTER
OF INTENT WITH PAN-CANADIAN PHARMACEUTICAL ALLIANCE
FOR RADICAVA® (EDARAVONE)**

TORONTO, April 22, 2020 - Mitsubishi Tanabe Pharma Canada, Inc. (MTP-CA), a subsidiary of Mitsubishi Tanabe Pharma America, Inc. (MTPA), today announced that it has entered into a Letter of Intent with the pan-Canadian Pharmaceutical Alliance (pCPA) regarding RADICAVA® (edaravone), an intravenous infusion treatment for amyotrophic lateral sclerosis (ALS), a rapidly progressive, neurodegenerative disease.¹

“This is an important milestone in our efforts to secure coverage for RADICAVA under publicly funded drug plans in Canada,” said Atsushi Fujimoto, President, MTP-CA. “We would like to thank the pCPA negotiating team for its efforts. This step allows us to commence discussions with participating provinces, territories and federal agencies across Canada, but there is more work to be done.”

With a Letter of Intent with the pCPA now in place, MTP-CA expects to enter into discussions with participating provinces, territories and federal agencies regarding the listing of RADICAVA under publicly funded drug programs.

About RADICAVA® (edaravone)

RADICAVA is indicated to slow loss of physical function as measured by the ALS Functional Rating Scale-Revised (ALSFRS-R).² Edaravone was discovered and developed for ALS by Mitsubishi Tanabe Pharma Corporation (MTPC) through an iterative clinical development platform over a 13-year period. In 2015, edaravone was approved for use as a treatment for ALS in Japan and South Korea. RADICAVA was approved by the U.S. Food and Drug Administration in May of 2017. Marketing authorization was granted in Canada in October 2018 and Switzerland in January 2019.

About Mitsubishi Tanabe Pharma Canada, Inc.
